Proč C++

- ▶ "C makes it easy to shoot yourself in the foot. C++ makes it harder, but when you do, it blows away your whole leg." - Bjarne Stroustrup
- ▶ C++ is like teenage sex:
 - ▶ It's on everyone's mind all the time.
 - ▶ Everyone talks about it all the time.
 - ▶ Everyone thinks everyone else is doing it.
 - ▶ Almost no one is really doing it.
 - ▶ The few who are doing it are
 - ▶ doing it poorly;
 - ▶ sure it will be better next time;
 - ▶ not practicing it safely.
